

Bolton Outdoors and Patterdale Hall Daily Outdoor learning Challenge

Activity	Identify trees in your garden or around your house.	Date	26/3/2020
----------	---	------	-----------

Aim/Activity and Instructions.

It's quite easy to identify trees when they are in leaf, it is somewhat harder when they are only in bud in eth spring. You need to look closely at the buds and at the bark texture. Keep a written record, add them to your garden map, or take photos and ask a parent to share them on twitter with the names.

Learning Outcomes:

- Tree/plant Id
- Using Keys
- Understanding nature.
- Being resourceful
- Enquiring mind.

Resources:

You may have a useful book at home?

Look online. This is the kind of useful chart.

Key Risk and Controls:

Wash your hand well after handling organic matter.

Stay safe.

Once you have finished, tidy equipment away. Remember, ask an adult for help.

How to share your learning:

Once you have completed this task, email a photos or a list to sjb@boltonschool.org or ask a family member to put it on Twitter and Tag us in it.
