

Activity	Round turn and two half hitches knot.	Date	23/4/2020
----------	---------------------------------------	------	-----------

## Aim/Activity and Instructions.

Learn to Tie this knot.

The **round turn and two half hitches** is a **hitch** used to secure the end of a rope to a fixed object. The name refers to the components used to form the knot: a **round turn** wraps the rope around the object (completely encircling it) and the **two half hitches** secure the end around the standing part.

## Round Turn and Two Half Hitches Tying Instructions

## Learning Outcomes:

Tying knots, following instructions, be resourceful.

## Resources:
