## **RISK Vs BENEFIT STATEMENT SUMMARY**

As an organisation we firmly believe in the benefit to students of using specified adventurous outdoor activities as a powerful and impactful vehicle for personal, social and key skill development. A detailed assessment of risks for each activity is undertaken both in a formal written format and dynamically whilst in the field and this is weighed up against the positive benefit of the activity. We are unable to remove all risks, but manage risk to a tolerable level.

Activities are targeted to varying adventure thresholds so that the groups' needs are met and physiological wellbeing of individuals, maintained. *For more information see full "Risk versus Benefit Statement" document.*

## **STAFF COMPETENCE AND QUALIFICATIONS**

All staff will either hold a relevant National Governing Body (NGB) qualification, or a statement of competence signed by an appropriately experienced and qualified person consistent with the requirements of the Licensing Regulations. Copies will be available for inspection on site. All staff hold relevant and current first aid qualifications.

## **SAFEGUARDING AND CHILD PROTECTION**

Our policy is consistent with current good practice in this area, and meets current statutory requirements. Enhanced criminal records checks are carried out through the Disclosure and Barring Service (DBS) on all staff. In the event that a child protection matter needs to be addressed schools should follow their own procedures,

including informing their own designated safeguarding lead for child protection and safe guarding issues. Relevant personnel at Patterdale Hall are Tim Taylor and Sean Duffy. All Patterdale Hall staff have undertaken level 1 Child Protection training as a minimum.

## **SUPERVISION WHEN NOT ON ACTIVITIES**

It is the responsibility of the group leader to supervise their group when not on activities supplied by Patterdale Hall, there will however always be a member of Patterdale Hall staff on call. For more information see "Role of Visiting Leaders" document.
